

4 The same QUESTIONS they always ask

Why are you here?

1. How did you find out about us?
I was looking for a company that would challenge me creatively and I found your companies web page and really loved what I saw.
2. What are your goals?
I really want to work for a company (hopefully yours) for about 5 plus years to gain experience and move thought the company to really develop into the graphic designer that I can be.
3. Where do you see yourself in five years?
Same as above.
4. Tell me about your self ?
I am a graduate from Pratt institute with a Masters degree in Graphic Design with a digital design background. While going to school in NYC I worked for a clothing company and a financial company. I moved back to Baltimore and have worked for 2 design companies and I am looking for a new challenge.
5. Where did you go to school? Why?

What makes you different then the others?

1. Best Qualities? This is your time to shine. tell them all about you and what makes you better then the other candidates.
2. Worst Qualities? Try to spin this into a positive. (i.e. Like to work to much, so I stay late)
3. What accomplishments give you satisfaction?
4. What is your best design quality?
5. What part of design are you best at?
6. What part of design is your weak point?
7. Give me an example of a challenge that you had to over come in design and how you did this?

What kind of person are you?

(is your personality going to fit in here, are you easy to work with)

1. Why did you leave your last job?
2. What would people say about you?
3. What are your interests?

What can you do for us?

(what are your skills, how well do you fit in, and how much do you know.)

1. How long have you been out of school?
2. What did you do at your last job?
3. Do you know what this job requires, are you up to it?
I do know what the job entails and I am ready and can do more. I have a great knowledge of photoshop, illustrator and indesign. I can also design web pages in HTML and Flash. I also have a strong passion for typography and how it fits into a layout.
4. What programs are you best at?
I excel at all the programs, but the one that I am the best at is Photoshop in coordination with indesign.
5. What is your favorite part of designing?
My favorite part of design is (READ THE PERSON) coming up with the concept and laying out what I have conceived and seeing the design to the end.
